SECTION 01

About this tracker

CAIR-Philadelphia presents this ballot tracker for the November 3, 2026 general election. It shows how Pennsylvania officials on your ballot voted, sponsored or signed on to measures that affect Muslim communities, civil rights, immigration enforcement and religious freedom.

It covers only people on the ballot: the 16 sitting U.S. House members seeking another term, every state legislator on the ballot, and the governor's race. Retiring officials, primary losers, seats not up, and anything we could not fully confirm are left out. CAIR's full scorecard is at [Muslims.Vote](https://muslimsvote.org).

How to read the marks

 Aligned Supports what CAIR supports, or opposes what CAIR opposes.	 Against Opposes what CAIR supports, or backs what CAIR opposes.
 No vote / Mixed record Member did not vote. On the governor page, a mixed record.	 Not applicable (N/A) Measure did not apply, or the official is not named in public records.
 No cosponsorship or signature on record · federal pages only A lack of cosponsorship or sign-on does not necessarily indicate a member's stance.	

Federal pages use CAIR's published data; state and governor pages use positions suggested by CAIR-Philadelphia staff.

Source: CAIR's 2026 Congressional Scorecard and spreadsheet (Oct. 22, 2026). CAIR opposes the D.C. ICE bill (5) and the campus boycott bill (7), so a no vote matches its position. A dashed circle means the scorecard records no cosponsorship or signature; it does not show how the member would have voted. * Rep. Deluzio's Block the Bombs cosponsorship is from his press release. Rep. Evans (PA-3) is retiring and not shown. Challengers have no federal record and are not scored.

FREEDOM OF SPEECH & ANTI-GENOCIDE STANCE

✖ Against

Backed a bill penalizing colleges that boycott Israel [1]. CAIR-Philadelphia said he failed to back a ceasefire [2].

✖ Against

As treasurer, added \$25 million in Israel Bonds in June 2025, bringing holdings to \$64.5 million [3].
Defended them: “They pay on time, 100% of the time” [4].

⌚ No stated position

Asked whether the U.S. relationship with Israel is important and why, answered: “This is an irrelevant question. As governor, I have no say over foreign policy.” [9].
No campaign statement found on Gaza, BDS or campus protests.

IMMIGRATION

⚖ Mixed record

Says “We do not do ICE’s work for them here in Pennsylvania” [5], but State Police reported 50 contacts with ICE in 2025 [5]. State orders blocked two planned ICE warehouses; DHS dropped its appeals [6].

✖ Against

Said “it’s best to cooperate” with ICE [7]. Her campaign wants a governor who will “work with the federal government, not sue it” [8].

✖ Against

Opposes sanctuary cities: “The states have absolutely no role regarding immigration policy” [9].

DATA CENTERS

⚖ Mixed record

Fast-tracked data centers such as Amazon’s \$20 billion plan [10]. His Aug. 18, 2026 order requires local approval but is not a moratorium [11].

⚖ Mixed record

Backs a “pause” so townships can update zoning, not a multi-year moratorium [10]. After his order, called for a “pause” on all new data centers [11].

✔ Aligned

Wants an “immediate, indefinite moratorium” on new data centers [12].
